Position: Mobile Clinic Veterinarian

Department: Operations
Exempt/Non-Exempt: Non-Exempt, full time position
Hours and days will vary depending on organizational needs.

Immediate Supervisor: Mobile Clinic Manager

Availability: The Brother Wolf mobile spay and neuter clinic travels four days a week to conduct high volume spay and neuter. The mobile clinic veterinarian will be in charge of conducting these surgeries and must be available in accordance with the clinic schedule.

General Position Summary:
The mobile clinic veterinarian will be responsible for providing leadership and direction to the mobile unit veterinary/tech staff, and overseeing all medical care for all animals receiving services on mobile unit. The primary responsibilities include performing spay/neuter surgeries and monitoring the health of treated animals during recovery.

Essential Function/Major Responsibilities:
- Perform up to 30 spay/neuter surgical procedures per day
- Oversee all aspects of assigned patients, including (but not limited to): physical examination; surgery; pre- and post-operative care; anesthetic protocols; patient monitoring; and emergency response.
- Partner with Mobile Clinic Manager to ensure that the clinic is appropriately stocked and appropriately staffed.
- Participate in relationships with community veterinarians, veterinary hospitals, and professional associations as requested
- Respond to medical issues involving patients as necessary
- Communicate any issues concerning staff or patients with Mobile Clinic Manager
- Communicate issues regarding the clinic’s disease control protocols, surgical protocols, or other medical issues with the Mobile Clinic Manager
- Able to occasionally work in physically challenging conditions and be able to wear appropriate protective gear, including a protective mask.
● Treating all animals humanely, properly, and with compassion at all times, regardless of the situation or circumstance.
● Promoting a humane and caring attitude toward all animals
● Filling in for other areas and performing other tasks/functions as needed.

Qualifications:
● Graduation from an accredited veterinary medical school
● License to practice veterinary medicine in the state of North Carolina
● A minimum of 2-5 years of experience in a veterinary practice, preferably working in a shelter environment.
● Experience working in a high quality, high volume spay/neuter clinic
● Experience Working with Small Animals and Surgery
● Small Animal (Cats & Dogs) Medicine Experience
● Enthusiasm for shelter medicine and the ability to see the value of shelter animals.
● Must have or be able to obtain a DEA license
● Possession of a valid driver’s license
● Excellent interpersonal, communication, customer service, and time management skills essential.
● Genuine affection for shelter animals and concern for their welfare
● Ability and initiative, working with minimal supervision and direction.
● Maturity, excellent judgment, and a professional, personal appearance.
● Ability to read, write, and understand English is required. Bilingual a plus.
● The ability to treat people and animals with respect and contribute to effective teamwork.
● Understand, agree with, and live the BWAR mission, values, and vision.
● Comfort and ability to work with animals of unknown disposition and those who exhibit medical and other problems, as well as aggressive tendencies.

Physical Requirements:
● Physical ability to walk and or stand on your feet throughout a normal workday required. Ability to bend and squat.
● Physical ability to engage in repetitive motions of legs, arms, and hands and to hear and see clearly.
Allergic conditions, which may be aggravated when handling or working with animals, may be a disqualification.

Working conditions:
Conditions may include working alone, working inside or outside during varying weather conditions, frequent interruptions, and some evenings/weekends meetings and classes. Potential environmental factors include:
○ Exposure to chemical and biological hazards, such as feces and blood
○ Exposure to sharp objects
○ Working in environments that include loud noises
○ Working in environments that may have uneven, wet, and slippery surfaces
Educational Requirements:

- Graduation from an accredited veterinary medical school
- License to practice veterinary medicine in the state of North Carolina, including DEA license.
