

Brother Wolf
ANIMAL RESCUE

CORE VALUES

- and our definitions -

Adaptability

We believe in working from a foundation of best practices and approach change as an opportunity to grow, learn, and better serve the needs of our community.

We are scrappy and we make things happen, even when we face challenges.

We understand that our days rarely go as planned in this work and we approach each day with as much enthusiasm, grace, and understanding that we can muster.

Accountability

We take seriously the role each of us play in enacting the mission of Brother Wolf.

We do what we say we're going to do and we step up to do things that we see need doing.

We take ownership in our work and our actions, including our mistakes. With bravery and kindness, we hold others accountable too.

Caring

We take seriously the care of ourselves, others, and the animals we serve.

We lead with kindness and express gratitude often.

We work to build a foundation of trust internally and externally.

Collaboration

We embrace differences and work boldly with others to achieve common goals.

We believe that by working together and by giving everyone a voice, we can create a better tomorrow.

We help each other thrive.
